

Power Planer
KP0800K 82mm

Satisfy Professional's Needs

Superior Aesthetic Design

Powerful 620W motor

Optimum angle and shape of handle for easy gripping and handling

Smooth planing of even warped surface to flat face

Continuous rating input: **620W**
Planing width: **82mm**
Shiplapping cuts: **up to 9 mm**
Planing depth cuts: **up to 2.5 mm**

Ergonomically designed and rubberized handle provides more comfort, control and while minimizing hand fatigue, and pain.

Enhanced chip ejection

thanks to improved fan design that produces larger exhaust air volume than the predecessor models and competitor's tools

Connectable to Makita vacuum cleaners and Dust bag assembly

Knob with click stops

:: provides precise planing depth setting by adjustment knob with click stops and easy-to-read scale with 0.1mm divisions.
:: Non-skid elastomer covers knob for sure and comfortable grip.

Front base with chamfering groove

Easy chamfering by aligning groove with the edge of workpiece.

Foot on base plate

protects workpiece and blade from scratches and damages even if the machine is put on workpiece before drum comes to a complete halt.

Rigid aluminum die-cast bracket

for enhanced durability of drum-shaft holding portion

Power Planer

Double Insulation

Dust Collecting

Carry Case

KP0800K 82mm

411

Continuous rating Input	620W
Planing width	82mm
Planing depth	2.5mm
No load speed (rpm)	17,000
Dimensions (L x W x H)	285 x 158 x 158mm
Net weight*	2.6kg
Power supply cord
