

# 18V LXT® LITHIUM-ION BRUSHLESS CORDLESS HEPA FILTER PORTABLE WET/DRY DUST EXTRACTOR/VACUUM KIT

## NEW TOOL OVERVIEW DVC750L

## LXT® BRUSHLESS

### FEATURES

- L.E.D. battery indicator shows charge level for 18V LXT® Lithium-Ion battery
- The BL™ Brushless Motor eliminates carbon brushes, enabling the BL™ Motor to run cooler and more efficiently for longer life
- Compact and portable design with shoulder strap; weighs only 10.1 lbs. with 18V LXT® 5.0Ah battery (shoulder strap not included)
- Two tools in one; quickly converts from vacuum to blower for increased versatility
- Two speed push button power selection (high/low) for a variety of applications
- Battery compartment keeps the battery protected from harmful debris on the jobsite
- Integrated tethering hooks for increased portability with optional shoulder strap
- Carrying top handle stores out of the way and provides increased comfort during transport
- Quick-release latch for easy removal and disposal of debris from canister

<b>Capacity</b>	Dust / Water: 7.5 / 4.5L
<b>Air Flow Rate</b>	High / Normal: 1.6 / 1.3 m³/min
<b>Max Sealed Suction</b>	High/Normal 6.7 / 4.2kPa

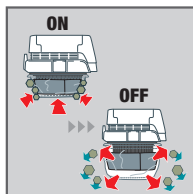

<b>Battery</b>	18V LXT® Lithium-Ion
<b>Filter Cleaning</b>	Yes
<b>HEPA filter</b>	Yes
<b>Equipped Filter Efficiency</b>	99.97% of .3 microns
<b>Net Weight (with battery)</b>	4.3kg - 4.6kg
<b>Power Type</b>	Cordless
<b>Working Sound Level</b>	76 dB(A)

### PRODUCT HIGHLIGHTS

#### PERFORMANCE

Powerful Brushless motor delivers 1.6m³/min Air Flow using a 18V LXT® Lithium-Ion battery

#### EFFICIENCY

Filter cleaning system is designed to maintain optimum suction efficiency and longer filter life

#### PORTABILITY

Compact and portable design with shoulder strap; weighs only 4.6kg. (shoulder strap not included)

#### DUST

#### MANAGEMENT

Efficient HEPA filter captures 99.97% of particulates .3 microns and larger

### STANDARD EQUIPMENT

- Hepa Filter (162518-0)
- Pre-Filter (199827-4)
- Flexible Hose
- Wide Nozzle
- Crevice Nozzle
