

BO6040

150mm Random Orbit Sander

750W

MAKITA ADVANTAGE

- Rubberized grip and small diameter barrel grip for added comfort and control.
- Durable and flexible cord guard prevents disconnection.
- Speed control dial to adjust and obtain the optimum rotating speed to suit various work-pieces and applications.
- Conveniently located switch lever.
- Optional side grip can be attached.
- Mode selector to choose between
- Forcible rotation mode for orbital action plus mechanical rotary drive for rough sanding and polishing.
- Free rotation mode allows orbital action for fine sanding.
- Hook & loop backing pad with hole for efficient through-th-pad dust collection.
- Low tool height for more efficient operation

SPECIFICATIONS:

Pad diameter	150mm
Abrasive disc diameter	150mm
Continuous rating input	750W
Orbits per minute	1 600 - 5 800
Overall length	316mm
Net weight	2.8kg
Power supply cord	2.5m
Carbon brush	CB318

FEATURES:

Double insulation, dust collecting, hook & loop, variable speed, soft start, constant speed & carry case

STANDARD EQUIPMENT:

Abrasive disc, hex wrench & rubber pad

OPTIONAL ACCESSORIES:

Description	Part No.
Pack of 10 125mm dia 40 grit	794607-9
Pack of 10 125mm dia 60 grit	794608-7
Pack of 10 125mm dia 80 grit	794609-5
Pack of 10 125mm dia 120 grit	794610-0
Pack of 10 125mm dia 180 grit	P-31974
Pack of 10 125mm dia 240 grit	794612-6
Pack of 10 125mm dia 320 grit	P-32007
Pack of 10 125mm dia 400 grit	794613-4
28mm dia 1.5m long hose set	192278-0
Hook & loop type wool pad	794619-2
Velcro felt pad for removing wax	794618-4
Hard rubber pad (coarse sanding)	A-87806
Soft rubber pad (general sanding)	A-87812
Super soft rubber pad (fine sanding)	A-87828
Sanding cross 100 grit set of 5	794614-2
Sanding cross 240 grit set of 5	794615-0
Sanding cross 800 grit set of 5	794616-8
150mm sponge pad for applying wax	794617-6
150mm felt pad	794618-4
